Professional Summary

Motivated Computer Science student with strong problem-solving skills and hands-on experience in full-stack development. Skilled in Python, Java, Web Development, and Database Management with practical experience in building AI-powered projects. Passionate about software development, artificial intelligence, and solving real-world problems through technology.

Education

- **B.s.c in computer science.**
k.j.somaiya college,kopargaon

2024 – 2027

Technical Skills

- **Programming Languages:** Python,SQL ,C, java
- **Data Visualization Tools & Management:** Power BI, PowerPoint, Excel,Word, MySQL
- **Development Platforms:** GitHub, Git, VS Code, PyCharm, Jupyter Notebook, Microsoft PowerBI

Experience

- Fresher
- Self-learning and building projects in AI, Data Science, and Web Development.

Projects

PROJECTS

1. Portfolio Website

- Designed and developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase projects, technical skills, education, certifications, and contact information. Deployed the website using GitHub Pages.

2. BugHunter AI 🐛

- Developed an AI-powered code error detection web application using HTML, CSS, JavaScript, and Python. Built a smart analyzer to detect coding errors in C, Java, Python, and C++ with real-time debugging support and fix suggestions. Integrated hacker-style UI with matrix animation and deployed successfully using GitHub and Render.

3. Flight Reservation System

- Developed a Flight Reservation System using Python, HTML, CSS, JavaScript, and MySQL. Implemented features such as user registration, flight search, seat booking, payment simulation, and booking confirmation.

Relevant Coursework

- Object Oriented Programming using C++
- Basics of Python
- Programming in JAVA
